*Full-time faculty: assess one section of each core class taught (30% of each core class offered should be assessed)

*Prioritize off campus classes to be assessed by full-time faculty

*If no full-time instructor is teaching a core class offered, then the adjunct teaching the core class will be expected to do the assessment

*Assessments are due when final grades are due

*Assessment resource materials are available on Canvas (Faculty Assessment Classroom)

*Repeat this two year cycle starting Fall 2028
