2021 PRESIDENTIAL ANNUAL REPORT

1869

WEATHERFORD
COLLEGE

MISSION STATEMENT

WEATHERFORD COLLEGE EMBRACES A CULTURE OF EXCELLENCE, FOSTERING THE SUCCESS OF ALL OF ITS STUDENTS AND ENRICHING THE COMMUNITIES IT SERVES THROUGH INNOVATIVE, AFFORDABLE, AND ACCESSIBLE LEARNING AND CULTURAL OPPORTUNITIES.

MESSAGE FROM THE PRESIDENT

I am so excited to share with you the 2021 Presidential Annual Report of Weatherford College. In the pages that follow, you will see a small sample of the many amazing things that are happening at our noble institution. New academic, athletic, arts, and agricultural programs

are enriching our students' educational experiences. New scholarships and modern facilities are magnifying possibilities and expanding opportunity. Our culture of caring warmly welcomes students to an organization that is driven by the Presidential Core Values of faith, hope, and love. All of these new programs and accomplishments are built upon the long, rich institutional history of Weatherford College.

I want to thank you for your continued support of Weatherford College. As an important educational stakeholder, you are a part of the dynamic team that is collectively lifting WC to new heights. Our shared future is incredibly bright! Excellence is our new norm, success is the expected standard, and exceptional achievement is our hallmark. I hope you enjoy reading a sample of the many great things that have recently occurred, and I hope you join us in the anticipation of a future filled with total excellence.

WC DURING A PANDEMIC

When COVID-19 concerns became mainstream in the spring of 2020, most WC classes went virtual for the remainder of the spring and summer semesters. But many students wanted face-to-face options for the fall, and WC became one of the few colleges in the area to offer that choice.

President Tod Allen Farmer and his administration led WC through procedural changes and adaptations

that allowed for face-to-face classes in the Fall 2020 semester that would meet at no more than 50 percent classroom occupancy, ensuring social distancing. In addition, online class offerings were expanded in large numbers. The hard work of faculty and staff allowed students to choose a model of teaching that worked best for their learning style and safety concerns.

From top left going clockwise:

Dr. William Smith was one of many instructors who, in an effort to maintain social distancing, taught in classrooms where half of the section's students were online and half in person at any given time.

Health science students were among the first who returned to WC's campuses in June of 2020 as state agencies require hands-on learning for many of these programs.

Safety precautions included requiring face masks, socially distancing whenever possible, regularly cleaning all workspaces with biological decontaminant, maintaining optimum air circulation and occupancy standards for all college spaces, and providing sanitation materials within facilities. The most up-to-date information about COVID-19 and Weatherford College can be found at: wc.edu/COVID-19.

FAITH HOPE LOVE

PRESIDENTIAL CORE VALUES

“Values shape the actions of both individuals and institutions. At the heart of my actions as the 20th president of Weatherford College are the Presidential Core Values of faith, hope, and love.

I have faith in our students, faculty, staff, alumni, and community. I have faith that the better traits of humanity will prevail.

Hope guides me to believe that our shared future can be even brighter than our distinguished past.

Our shared love is our most powerful driving force. It is a love that transcends all that divides us and permeates every facet of our culture of caring.

At Weatherford College, we want to do more than provide our students with high quality credentials. We want to produce persons of character that will add value to our society.

We want to produce graduates that our employers will want to hire and promote.

We want to produce the type of citizens that you would be glad to have as a neighbor, a friend, or even as a family member.”

TOP NEWS OF 2020

WC BEGINS FIRST BACHELOR'S DEGREE PROGRAM

Weatherford College's first bachelor's degree program, the Bachelor's of Science in Nursing (BSN), began in the Fall 2020 semester. WC is only the fourth Texas community college with a BSN program and the first approved to offer the courses completely online. With the BSN program on track, the WC Board of Trustees has now set its sights on a second bachelor's degree – a bachelor's of Applied Arts and Sciences in Organizational Leadership.

WORKFORCE & EMERGING TECHNOLOGIES GROUNDBREAKING

Ground broke on the site of the future Workforce and Emerging Technologies Building in the fall of 2020. The three-story, 70,000-square-foot building will move WC workforce programs into the next era of job training with room for the college's new robotics program and future projects such as cybersecurity, automation, and simulation. The facility will also house machining, industrial maintenance, cosmetology, and workforce health professions programs. Texas Workforce Solutions will be a tenant, the first time the state agency will be housed on a college campus.

THE COYOTE CLINIC OPENS

Faculty, staff, and students now have access to medical care on the Weatherford campus via the Coyote Clinic. The clinic, located in the Coyote Village student housing complex, operates via a telemedicine partnership with the Parker County Hospital District. The clinic is the first in the country to use this type of telemedicine equipment on a community college campus.

WC ACQUIRES KINGSLEY BUILDING

In the summer of 2020, the WC board agreed to a donation/purchase agreement with Nan Kingsley to acquire Blue Stem Studios adjacent to the Weatherford campus. The facility will be named the Nan and Bob Kingsley Building and will house new programs such as audio engineering and mass communication as well as some administrative offices.

WC JOINS FIRST CONSORTIUM FOR HIGH-TECH PIANOS

Weatherford College and Wayland Baptist University announced a groundbreaking collaboration involving Steinway & Sons and the innovative Spirio I r high-resolution player piano. The consortium, which also includes Arlington Independent School District, Lubbock Independent School District, and the Buddy Holly Hall of Performing Arts and Sciences, will link students via coordinated distance piano education allowing real-time sharing of live performances, one-on-one lessons and group master classes between remote locations.

DUAL CREDIT AT WC

Dual credit classes are college-level offerings taken for both college and high school credit. These classes are taught by credentialed college instructors and may be offered at high school campuses, online, or on WC campuses. In 2020, WC's dual credit students came from 452 high schools. Currently, WC is a proud partner with over 30 high schools, where students take dual credit courses exclusively with Weatherford College.

MEET LARISSA BRITS FROM JOHANNESBURG, SOUTH AFRICA

"I chose WC based on its great reputation, affordability, and closeness to my new home in Parker County," she said. "I hope to pursue an excellent education giving me a solid basis for a stable career in America."

Brits said she enjoys meeting different types of people at WC.

"I find the people really friendly and helpful at the college. WC has a beautiful, welcoming and friendly campus, which I love."

WC ATHLETICS CONTINUES TO EXCEL AND EXPAND

NEW TURF, NEW SPORTS, NEW GAME PLAN

From the addition of new sports to the increased support of existing programs, the athletic footprint of Weatherford College is expanding.

New golf, tennis, and volleyball teams are all on the horizon. The WC Board of Trustees approved a four-year timeline recommended by Athletic Director Bob McKinley in late 2019.

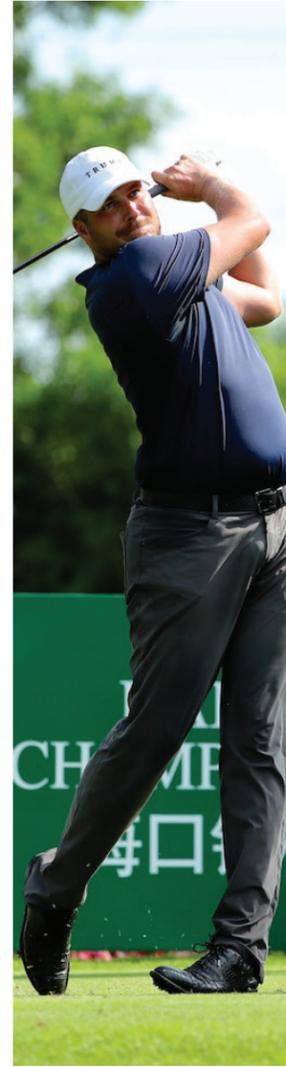

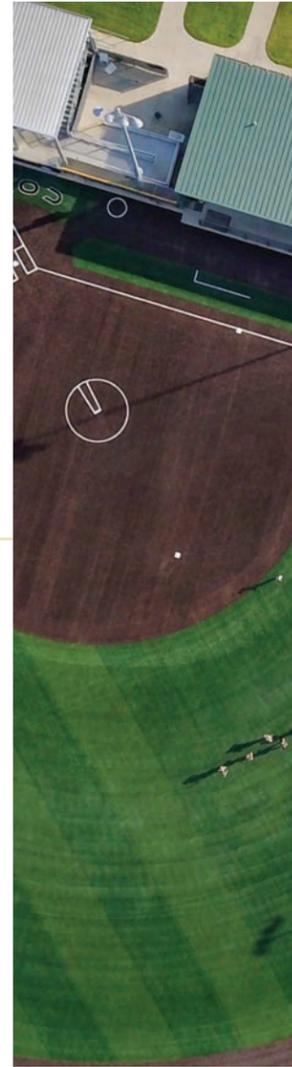

With the hiring of former professional golfer Jesse Speirs as WC's newest coach in the fall of 2020, the Coyote golf team will begin competition in the Fall 2021 semester. Women's tennis is also on track for a 2021 start, and women's volleyball is scheduled to launch in 2022. Women's golf and men's tennis will follow in 2023.

"We have one of the finest athletic programs in the state of Texas, and we look forward to that continuing," McKinley said. "These new sports can do nothing but

give us more visibility in not only our community but in our state and nation."

Existing sports have also received a boost. Thanks to help from private donations to the WC Foundation, Stuart Field is the first softball facility in WC's competitive region to have artificial turf, and Roger Williams Ballpark will receive the same treatment for the 2022 baseball season. New reserved seating in the Betty Jo Graber Athletic Center, expanded scholarships, and a new bus planned for use by multiple programs will all give the Coyotes a competitive edge.

"We are preparing to win national championships in athletics," said President Tod Allen Farmer. "Weatherford College is doing everything we can to develop excellence in our student-athletes, both in the classrooms and on the competition surfaces."

"WEATHERFORD COLLEGE IS DOING EVERYTHING WE CAN TO DEVELOP EXCELLENCE IN OUR STUDENT-ATHLETES, BOTH IN THE CLASSROOMS AND ON THE COMPETITION SURFACES."

- PRESIDENT TOD ALLEN FARMER

AWARDS & ACCOLADES

ROUNABOUT WINS STATE AWARD

The City of Weatherford/WC roundabout at the intersection of College Park Drive and Martin Drive was selected as the American Public Works Association Texas Chapter Project of the Year for projects costing less than \$2 million. Clark Gardens donated extensive landscaping while Vickie and Jerry Durant commissioned Kelly Graham, a WC alumnus, to craft a pair of bronze coyotes to sit atop the center of the beautiful roundabout.

ATHLETES EARN ALL-CONFERENCE ACADEMIC HONORS

WC athletes set an academic record for the 2019-2020 academic year with the number of students awarded All-Academic honors from the National Junior College Athletic Association. A total of 18 students were named All-Academic, surpassing the former record of 14. A record number of five students were named to the first team for achieving a 4.0 grade point average. And, for the first time ever, all four NJCAA teams at WC qualified for Academic Team of the Year honors, a distinction that requires a minimum cumulative team GPA of 3.0 for the year.

THREE WC ADMINISTRATORS RECOGNIZED WITH LEADERSHIP AWARD

Shannon Stoker, Dr. Alex Ibe, and Dr. Deborah Jogie Cregger were recognized with CLARA awards from the North Texas Community College Consortium. CLARA, the Consortium Leadership and Renewal Academy, is a year-long higher education leadership program.

WC RANKED SECOND SAFEST COLLEGE CAMPUS IN TEXAS

Weatherford College was listed as the second safest college campus in Texas according to data compiled by YourLocalSecurity.com, operated by ADT Security Services. Data was pulled from public crime reports as well as campus safety and security data for institutions with a minimum of 5,000 enrolled students.

WC FINE ARTS STUDENTS SELECTED FOR ALL-STATE PERFORMANCES

Choir students Mimi Farr, Jimmy Gray, and Keegan Odell-Yanez were selected for the Texas Two-Year College All-State Choir. WC Jazz Orchestra members Sam Shaw and Austin Choate were selected to perform with the Texas Community College Band Directors Association All-Star Jazz Band at the Texas Music Educators Association Conference.

COLLEGE & FOUNDATION PRESIDENTS HONORED WITH CHAMBER AWARDS

At the 100th Weatherford Chamber of Commerce Banquet, WC President Tod Allen Farmer was awarded the 2020 Outstanding Citizen Award and WC Foundation President Bob Glenn was awarded the Roger Grizzard Community Service Award.

MAYO RECOGNIZED BY TEXAS MASTER NATURALISTS

Ann Mayo, WC life sciences associate professor, received a recognition award from the Cross Timbers Chapter of the Texas Master Naturalists in February 2020. The Master Naturalist is a program from Texas Parks and Wildlife.

UNTITLED NON OBJECT PAINTING BY WC ART STUDENT, ALICIA PACHEO

WC FINE ARTS BRING PEOPLE TOGETHER WHILE FAR APART

FINDING CREATIVE SOLUTIONS TO CREATE & PERFORM WHILE IN A PANDEMIC

The Weatherford College Fine Arts Department is continuing its quest for excellence, adapting to changing times while embracing the classics in each respective field.

Alumnus Fredrick Sanders was hired in the summer of 2020 to head the college's newly-named Jazz Orchestra. Known as a skilled instructor, Sanders has an impressive performance resume, sharing the stage with the likes of Wynton Marsallis, Norah Jones, David "Fathead" Newman, Dr. John, and others.

In addition to joining the world's first beta test group for Steinway Spirio I r pianos (see page 15), WC also had the distinction of hosting one of the country's only piano competitions during the pandemic. The second annual Weatherford College International Piano Competition enjoyed great success as a virtual event, and Anna Yukho of Rice University won the Young Artist Division, competing with students from

Oberlin Conservatory, the University of North Texas, and the University of Miami.

The college's theatre students enjoyed a unique experience in the taping of "My Red Hand, My Black Hand" with the Soul Rep Theatre Company from Dallas. With support from jazz orchestra students, the students helped create a beautiful piece that was viewed across the country.

Using innovative looping technology, the WC Choir learned to harmonize while socially distancing and even presented a concert with the electronic layering of voices as the star of the show.

Visual Arts Program Director, Myrlan Coleman, retired in May after 50 years of teaching and inspiring students. Students in the Fall 2020 visual arts classes showcased their artwork, alongside students from other fine arts programs, in a virtual variety show presented to WC faculty and staff.

STUDENT AID

The pandemic taught us many lessons, some harder than others. In a time of so much negativity, we learned to look for silver linings.

At Weatherford College, one such glimmer of positivity was the extreme generosity displayed by the donors of the WC Foundation. As students and businesses struggled, donors became exceedingly generous, and a record \$1.2 million in contributions poured in during the 2019-2020 fiscal year. The foundation was able to give a record \$305,386 in scholarships, and the Student Emergency Fund helped dozens of individuals in desperate need.

“The generosity we’ve seen lately is just amazing,” said Brent Baker, executive director of the foundation. “Whether it was helping students transition to remote learning, providing groceries, paying utility bills, or just giving more scholarship dollars than ever before, it was very rewarding to see our donors’ funds go to work.”

Baker credited foundation president Bob Glenn for the lion’s share of the year’s success, as the volunteer has brought in more than \$400,000 in new scholarship endowments since the spring of 2019.

WC FOUNDATION CONTRIBUTIONS

| YEAR | AMOUNT |
|-----------|-------------|
| 2015-2016 | \$484,430 |
| 2016-2017 | \$203,573 |
| 2017-2018 | \$253,858 |
| 2018-2019 | \$592,118 |
| 2019-2020 | \$1,289,842 |

Funds distributed to students

\$1,273,848

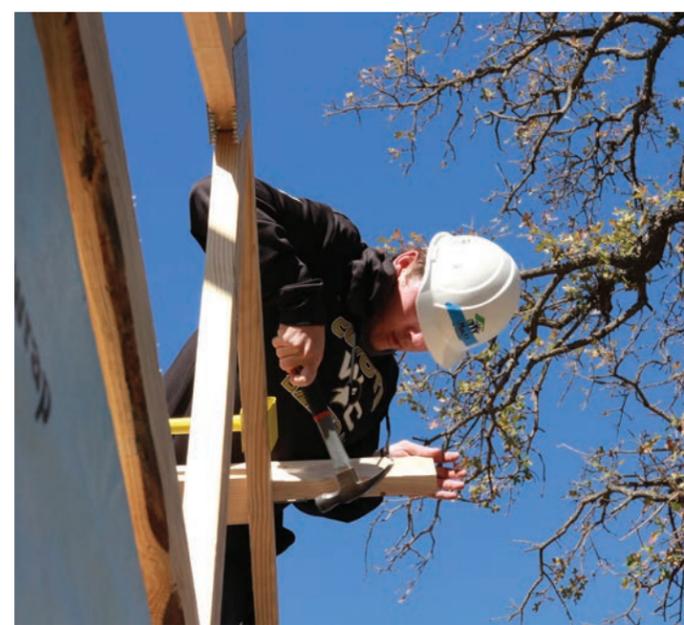

The CARES Act provided emergency financial aid grants to students for expenses related to the disruption of campus operations due to COVID 19.

SERVICE TO THE COMMUNITY

WEATHERFORD COLLEGE'S MISSION STATEMENT INCLUDES "ENRICHING THE LIVES OF OUR COMMUNITY" AND WC DID THAT IN MANY WAYS IN 2020.

From top left going clockwise:
The WC Police Department adapted to the circumstance of COVID-19 by converting the 23rd annual Safe Halloween event into a drive-thru. Approximately 1,500 cars came through in only three hours, continuing the WCPD's tradition of putting smiles on kids' faces with tons of candy and fun costumes.

WC Wise County student Brandi Erwin and her mother, Sandy, combined their skills to make face masks and send them throughout the state and nation, donating the items to first responders and others early in the pandemic.
WC staffer Rebecca Fryer and others wrote letters and created care baskets for COVID-19 first responders.

Each year, WC faculty and staff choose a local non-profit to donate to at the annual Employee Awards Dinner. This year employees filled a truck full of food items for The Parker County Center of Hope.
The Coyote baseball team was one of several WC groups that joined forces with Trinity Habitat for Humanity to help with a new build on the north side of Weatherford.

HEALTH SCIENCE PASS RATES

| PROGRAM | LATEST YEAR | PASS RATE |
|--------------------------------|-------------|-----------|
| Associate Degree Nursing | 2019 | 91.57% |
| Diagnostic Medical Sonography | 2019 | 100% |
| Occupational Therapy Assistant | 2019 | 100% |
| Phlebotomy | 2019 | 100% |
| Physical Therapist Assistant | 2019 | 100% |
| Radiological Technology | 2020 | 95% |
| Respiratory Care | 2020 | 100% |
| Vocational Nursing | 2019 | 90.48% |

“Weatherford College has a long history of very successful health science programs spanning over 50 years. Our licensure exam results are benchmarked against other like programs based on national and state results, and many of our programs have demonstrated years with 100 percent pass rates. Our programs always rank above the state and national averages.”

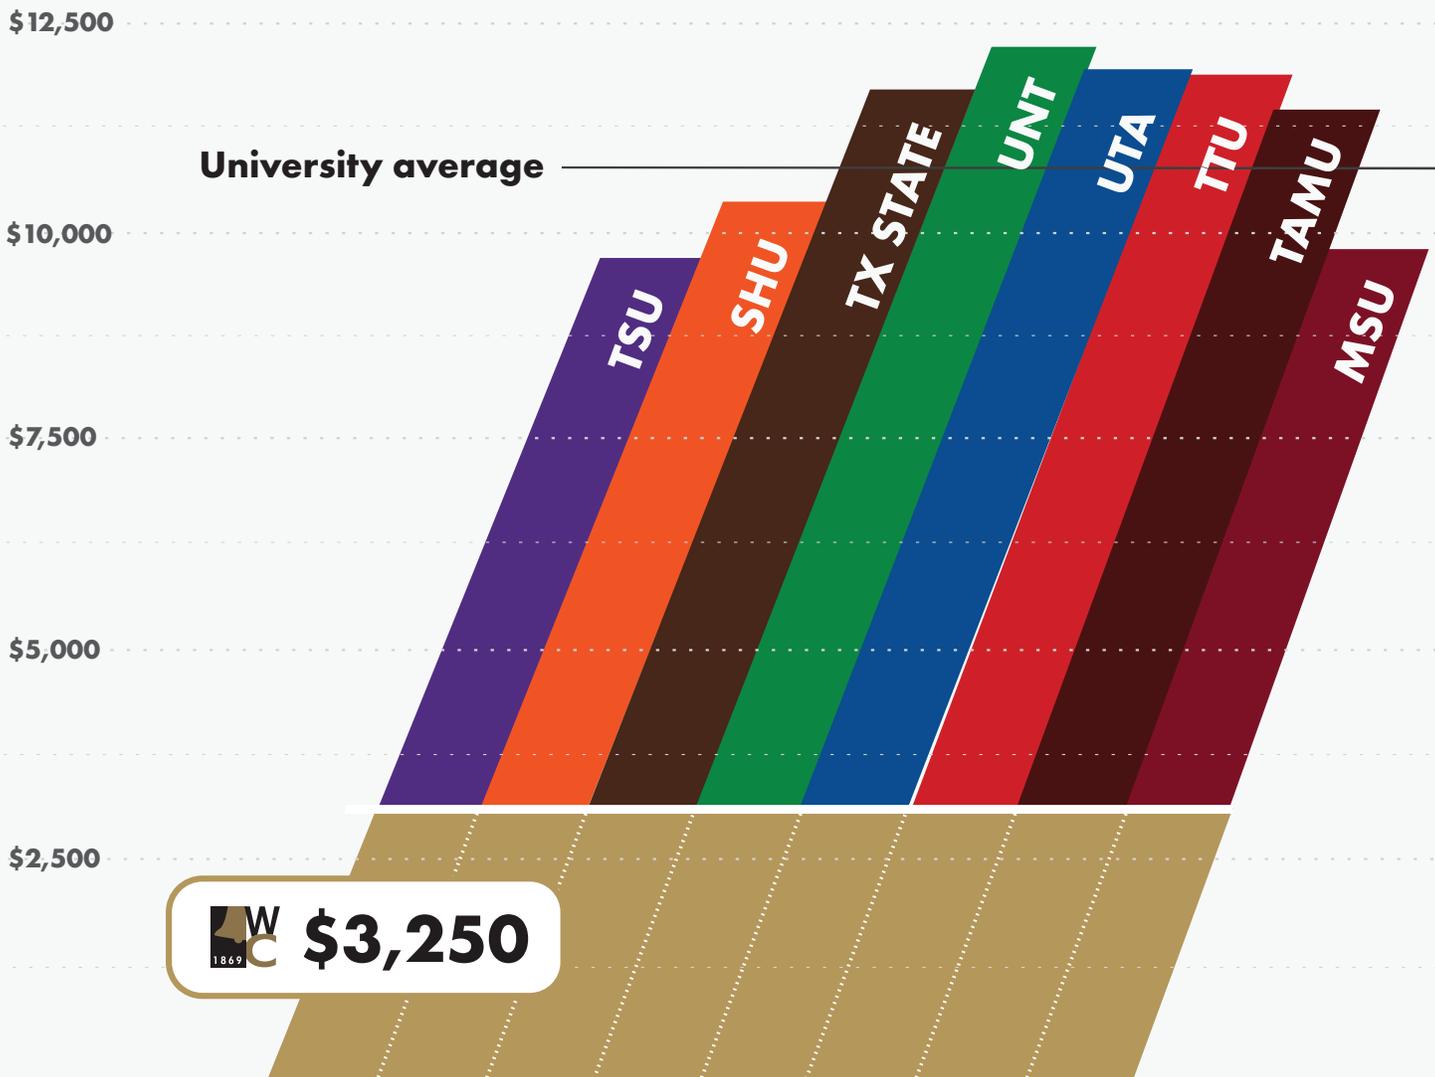

Area facilities give preferential hiring to our graduates due to excellent educational opportunities and outstanding faculty. Our graduates often work within our service area and provide quality services and skills which enhance our health care systems. Our graduates are prepared to accept the responsibilities and duties of health care workers today.”

- KATHY BOSWELL
Dean of Health and Human Sciences
